

Client Timeline Example:

```

TLSClient.sendClientHello()
↓
protocolHandler.sendClientHello()
↓
client.sendHandshakeMessage(clientHello)
↓
stateMachine.didSendMessage(clientHello)
↓
stateMachine.transition(to: .clientHelloSent)

```

Server Timeline Example:

```

TLSServer.didReceiveHandshakeMessage(clientHello)
↓
TLSServer.handleHandshakeMessage(clientHello)
↓
protocolHandler.handleClientHello(clientHello)
↓
stateMachine.serverDidReciveHanshakeMessage(clientHello)
↓
stateMachine.transition(to: .clientHelloReceived)
↓
protocolHandler.sendServerHello()

```
